THE TOLEDO MUSEUM OF ART

FOUNDED BY EDWARD DRUMMOND LIBBEY

CATALOGUE OF PAINTINGS IN OIL AND WATERCOLOR, PASTELS, DRAWINGS, PRINTS AND POTTERY BY TOLEDO ARTISTS IN THE TENTH ANNUAL EXHIBITION OF THE TOLEDO FEDERATION OF ART SOCIETIES

DURING THE MONTH OF APRIL

1928

FOREWORD

TOLEDO should feel proud of this Tenth Annual Exhibition of the work of her artists. There has been a steady growth in interest and ability and the standard has raised itself yearly. The artists have kept up with the progress of World Art.

In the present exhibition all tastes may be satisfied. There are landscapes, figures, portraits and fanciful compositions in oil, watercolor, etching and print. Some are faithful representations, some enter the realm of pure design and some are conservative. This output of Toledo painting is a reach toward the expression of our time. This time of restless endeavor to define in painting, sculpture, literature, music, and in the minor arts, a definite period, which for the lack of a better nomenclature has been called—Modern. This is an evanescent term for the modern of today passes quickly into a mode of yesterday.

The Museum, The Tile Club, The Athena Society and The Artklan have been federated for ten years into a group which sponsors the Art of Toledo. They annually invite all of the painters of this district to exhibit their work at the Museum.

The Tile Club, a men's organization, is the dean of the art societies of Toledo. For 32 years they have functioned in their own interesting rooms in the Commerce Guardian Bank Building. Many national figures have been entered on their roster.

The Athena Society, a woman's organization has held together faithfully and with inspiration for a quarter of a century. They too have painters of national repute. In Gallery Number I, is hanging a watercolor by Elinor Barnard, one of the greatest water color portrait painters of today, a gift to the Museum of the Athena Society in commemoration of its 25th Anniversary.

The youngest of these clubs, The Artklan is a strong and vigorous institution. They have all worked together, loyally, unselfishly, with the Museum toward a high standard of art for this community.

Professor James R. Hopkins, A. N. A., of Columbus, was invited by the Federation to choose from the paintings submitted, those which he considered most worthy of exhibition in The Toledo Museum of Art. The present fine exhibition is the result.
